Dining Services Committee

For Immediate Release

MARCH DINING SERVICES STATEMENT

Dear Valpo Students,

The Parkhurst staff has been busy with producing and distributing the quarantine meals during the first half of March. At its height, there were 351 students in quarantine. As a reminder, if you have any questions or concerns regarding dining and/or quarantine meals, please contact General Manager [Lee Keener](#).

Over the Easter Break, your Parkhurst staff were busy testing new dishes at Founders that they hope to be served to all students in the last couple of weeks of the semester. These new food items include a wide variety of international dishes that they hope will continue to diversify the food menus every week.

A calendar of events for all dining locations on campus will go out at the beginning of each month. Some events may include pop up shops, themed food items, and speciality food stations. Be sure to check out the Valparaiso University Dining Services Instagram page for updates!

There are open positions available for the upcoming semester at Founders! All employees at Founders get a free meal every shift! You can locate all job opportunities at [Handshake](#) or by reaching out to General Manager, [Lee Keener](#).

Sincerely,

Billy Robinson
Dining Services Committee Chair
