

Hi Student Organizations,

The Student Experience Committee meets monthly with other offices on campus to discuss issues involving the “student experience”. One of these areas is dining, and especially working with Parkhurst on how to address concerns that student organizations are having with catering. As some of you may have known, the Catertrax system has gotten a complete user interface revamp over the past few months, and should be much easier to use going forward. Also starting next school year Catertrax will be linked to a student organizations email as opposed to an individual email, and the Center for Student Involvement will be providing training to student organizations on how to use Catertrax. There is also now a [link](#) that can be used to access an online tutorial of how to use the new Catertrax system. Additionally, if you ever have any problems with catering you can reach out to Lee, the Parkhurst General Manager, at LKeener@parkhurstdining.com.

Sincerely,
Meshach Melton
Student Experience Committee Chair
