Tom Cath, Director

Kelly Anthony, Assistant Director

Lori Miltenberger, Assistant Director

Katie Sirko, Career Services Specialist

Janet Styf, Administrative Assistant

Aaron Hollis, Residential Learning Coordinator

# Executive Summary

## Outcomes

The overall placement (outcomes) rate for the 2017-18 Valparaiso University graduates was 97.2%, the same as last year. The average outcomes rate of Valpo graduates for the past five years is 96.9%.

Of the 607 for whom we have data:

- 487 (80.2%) employed
- 102 (16.8%) in graduate/professional school
- 17 (2.8%) still seeking employment
- 1 (0.2%) not seeking employment

For the 2017-18 data, the following is worth noting:

- Graduates are working or studying in 36 states plus the District of Columbia and 14 foreign countries. 43.5% of the 2017-18 graduates are working or attending graduate school in Indiana. Of those employed, one hundred and ninety-seven (40.4%) are working in Indiana. Of those attending graduate or professional school, 53 (52%) are attending school in Indiana. Thirty-six are studying at Valparaiso University, which represents 35.3% of those attending graduate school.
- Eight respondents are involved in full-time service: three at Evangelical Lutheran Church in America, three in the Peace Corps, one in AmeriCorps, and one in Jesuit Volunteers Corps.
- Seven respondents are in the Armed Forces: two in the Army, one in the Navy, two in the Air Force, one in the Indiana National Guard, and one in the Army National Guard.
- Six were awarded a Fulbright Scholarship and are in Germany (2), Malaysia (2), Taiwan, and Poland.
- Our survey includes the question “How satisfied are you with your first career job or graduate school situation?” Of the 255 respondents to this question, 75.3% indicated that their expectations were met or exceeded. 32.9% said their expectations were exceeded.

## Scope, Methodology and Knowledge Rate

- This report represents data compiled about Valpo undergraduate degree recipients from the classes of December 2017, May 2018 and August 2018. Data was collected via online surveys, telephone and email solicitations, alumni records, social media research and input from faculty and staff. Data collection began in March 2018 and concluded in March 2019.
- As of March 21, 2019, we had data on 607 of 660 graduates, a “knowledge rate” of 91.9% compared to 91.1%, 93.7% and 92.6% respectively the last three years. The “knowledge rate” is the percentage of graduates for whom we have reasonable and verifiable information concerning the graduates’ post-graduation career activities. Our knowledge rate is considerably higher than the national recommended minimum of 65%. Of the fifty-three non-respondents, twenty-six were Arts & Sciences graduates, four were Business, two were Engineering, and twenty-one were Nursing & Health Professions. This report excludes all graduate degree recipients. The international student undergraduate degree recipients’ data is separate and is included on pages 38-40 of this report.

## Standards and Protocols

The terminology, standards and protocols of the National Association of Colleges and Employers (NACE) are utilized throughout this study. NACE is the preeminent national organization focused on the employment of the college educated.

**Outcomes Summary**

The sections above represent a small percentage of the employers that connect with Valpo regarding internship and employment opportunities.

Valpo students have meaningful access to thousands of employers nationwide in all industries and occupations through Handshake, our career management system. Since we began using Handshake almost six years ago, over 19,300 employers have connected with the Career Center because they are interested in recruiting Valpo students for their internship and job openings. During the past three months, 35-40 employers per day have connected with us. On average, these employers are posting more than 1,500 jobs and internships per week.

The Career Center encourages students to participate in “virtual career fairs” offered by others throughout the calendar year. Examples include fairs that cover the following industries or niches: Transportation, Financial Services, Health Care, Veterans, Indiana Colleges, Mortgage Banking, Diversity and Inclusion, Non-Profit and NGO’s, Grad Schools, Student Affairs, and Ag Careers.

Valpo alumni represent another source of valuable contacts for students. Over 26,000 alumni have profiles on LinkedIn. We offer workshops and on-going advice to students on creating a professional digital profile and social media presence. The Career Center has also created and continually maintains relationships with hundreds of additional employers who may not be on Handshake or visit campus. They frequently contact us seeking talent and we regularly stay in touch with them.
