The sections above represent a small percentage of the employers that connect with Valparaiso University regarding internship and employment opportunities.

Valparaiso students have meaningful access to thousands of employers nationwide in all industries and occupations through Handshake, a career management system. Since using Handshake, over 22,600 employers have connected with the Career Center because they are interested in recruiting Valparaiso students for internship and job openings. During the past three months, 25-30 employers per day have connected with the Career Center. On average, these employers are posting more than 1,100 jobs and internships per week.

The Career Center encourages students to participate in “virtual career fairs” offered by others throughout the calendar year. Examples include fairs that cover the following industries or niches: Transportation, Financial Services, Health Care, Veterans, Indiana Colleges, Mortgage Banking, Diversity and Inclusion, Non-Profit and NGO’s, Grad Schools, Student Affairs, and Ag Careers.

Valparaiso alumni represent another source of valuable contacts for students. Over 26,000 alumni have profiles on LinkedIn. The Career Center offers workshops and on-going advice to students on creating a professional digital profile and social media presence.

The Career Center also created and continually maintains relationships with hundreds of additional employers who may not be on Handshake or visit campus.
