- At least two presentations about study abroad in Germany and the Valpo German program in Valpo courses (such as Core), as arranged with the Director of the Kade-Duesenberg German House and Cultural Center

- Service to the German program in the final year in one of these ways:
 - German House RA
 - German Language Partner in the Language Resource Center
 - Teacher in the Valpo *Kinder lernen Deutsch* program
 - 6 additional presentations or classroom visits to promote study abroad in Germany (if requested)

Award:

- \$1,000 (awarded late in the spring semester of the final year at Valpo)

Notes

1. If a student already has a full-tuition scholarship from Valpo, the Giebel Scholarship will usually replace part of that scholarship in the year(s) in which it is awarded.
2. Commuter students who are unable to reside in the German House may be exempt from the residency requirement. Also, students who have applied to live in the German House whenever eligible, but were not admitted due to space limitations, may be exempt. Speak with your German professor about your status.
3. Students with German minors who complete GER 203 and GER 204 in the junior year, by taking GER 204 in Reutlingen, may still receive the Giebel 1E scholarship for the Reutlingen semester as long as they live in the German House for the whole senior year and meet the other requirements. (They are ineligible for German House residency before that.) In that case, the Giebel 1E scholarship will be paid during their senior-year residence in the German House, once they begin the final course in the German minor. They remain eligible for the Giebel 2C scholarship as well.
4. Students who apply for and receive a Baden-Württemberg *Landesstipendium* will receive a reduced Giebel Scholarship; this external funding source provides generous support.
5. Students who are eligible for a German House Residency Scholarship (currently \$500 per semester for domestic students residing in the German House while enrolled in 3 credits or more of German; *not* an endowed Giebel Scholarship) may receive both the German House Residency Scholarship and the Giebel Scholarship.
6. The Henry and June Giebel Endowment normally generates sufficient funds each year to support the scholarship awards described above; the amounts cannot be guaranteed. Award amounts may also be increased in a given year based on academic merit, the number of applicants, and available funds.
7. Giebel Scholarships are administered through the Kade-Duesenberg German House and Cultural Center. Direct questions to the Director, Professor Tim Malchow.
