

Move-In Instructions

Lankenau, Alumni, and Brandt Halls

1. **Pack and label** *all* your belongings with your name, building, and room number.

The people unloading you are other students. If you can't lift it, they can't either so separate it into 2 bins instead of 1.

2. **Know your building name and room number**

The traffic directors will not know to which building you're assigned.

3. Before arriving on campus, **fuel up with a good meal and bring water** to stay hydrated.

Move-in day is usually hot and emotional. Take a deep breath and enjoy the experience. This is the only time you'll be pampered by upperclassmen helping you haul your things!

4. Arrive at your **move-in appointment time**

The appointment time indicates **the hour we anticipate unloading your floor** at your hall. It is not the exact moment you will pull up to your residence hall. Plan to arrive on campus at your appointment time and your wait time should be under 90 minutes, assuming the weather is good (rain can delay things).

5. Enter campus from the Sturdy Rd or Highway 30 entrance (south side of campus) and **follow the traffic directors' instructions** for getting to, and unloading at, your residence area.

As you near your building, **follow the directions of the faculty & staff members** directing you where to park.

Mask Up! Face masks are required indoors at all times and outdoors when you cannot be more than 6 feet away from others.

When you park, **students go to your building's front desk to check-in**; family members stay at the car(s) to show the student moving crew what to take inside.

Students go to their room to start unpacking. **Family members park the car(s)** and meet your student in their room. Be sure to thank the sweaty student moving crew that carried all of your belongings!

Continue following COVID-19 Precautions: wash/sanitize your hands frequently; distance from others as best you can; and keep your face mask on throughout move-in day!

If you have questions or need something in the hall, look for one of the Residential Assistants (**RA**) – student staff – or Residential Learning Coordinators (**RLC**) – professional staff- at the front desk of your building or on your floor.

Your meal plan is live on move-in day. [Welcome Week](#) activities start with dinner.
